Hmmm. Which one do you think helped hotwire Mrs. Moore's car?

I want my Mommie!!

Under capable leadership the senior class accomplished several goals spiritually, socially and emotionally. Class parties and retreats helped bring the members closer together. The Student Union rallies encouraged the whole school. Efforts were also combined in raising money for the class gift, a new sound system and Christian tapes for Alpha Commons. Projects included the Haunted House, car wash, and handdrawn stationary. Perhaps the testimonies of the seniors who shared in the class chapel spoke for the whole class. God has been faithful.

#### **SENIOR RETREAT**

Chaplain Huggins and Art Davis provided the spiritual emphasis at the senior class retreat held at Quaker Haven. This quiet, peaceful resort area has never quite been the same since the girls vs. guys water fight and the canoe ducking episode. Lives were enriched that weekend by the spiritual challenges, fellowship and fun.

Hey, we almost did it!

I knew college wasn't preparing me for life!

This Heritage is dedicated to the graduating class of 1980. They have spent the last few years studying, laughing, crying, and growing together. This book captures some of those memories.

From the first efforts at reading and writing, through the collegiate years, the alphabet is the basis of much communication and learning . . .

The letter A begins the alphabet and Grace College, for without it there would be no administration or admissions—therefore no college or students. Imagine Grace without the cheerful Alpha Desk girls or the dreary all-nighters. Christmas wouldn't be that special season without the Advent Service. GMA stationary wouldn't be as unique without the Artist's Coop. And awards and academic honors would go unnoticed without the award banquets and chapels and Alpha Chi.

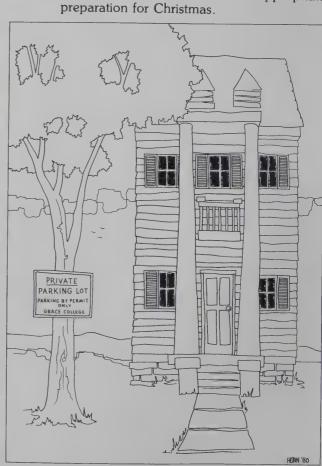

With emphasis placed on the five Advent candles, the services were an appropriate preparation for Christmas.

#### **ALPHA CHI**

Alpha Chi is a national honor society composed of selected students in the top 10% of the Junior and Senior classes. It is designed to promote and recognize academic achievement. This year several members participated in the district meeting at Huntington College.

#### **ACCOUNTING CLUB**

Desiring the fellowship of co-majors and the advancement of new accounting techniques, this newly formed club held its first meeting in 1980. The groundwork was laid for future years.

#### **ART CLUB**

The Art Club began in 1979 and it is still in the developmental stage. It sponsored art sales and field trips for its members and held classes on Saturdays for community children. The club attempted to formulate a Christian perspective in its art.

From the shores of the Beanie Bowl to the halls of the Blue Books faced at finals week, B marches on . . . Through Basketball and Baseball . . . Banquets and the Bride's reception . . . stopping long enough to give Blood in the spring. Who says "B kind one to another, tender hearted, forgiving one another?" Sounds like advice from the Bible Department . . . or the Behavioral Sciences . . . or even the Business !!!

#### BEHAVIORAL SCIENCE DEPARTMENT

The Behavioral Science Department has experienced steady growth over the last few years. The program offers five major areas of study and the number of students in them is rapidly increasing. The department attempts to prepare their graduates to help others become more Christ-like in their thinking and behavior.

Mr. Ronald Manahan Assistant Professor of Biblical Studies

#### BIBLE DEPART-MENT

Mr. Merwin Forbes Instructor in Biblical Studies

The Bible department sees its purpose as providing knowledge of the Bible and related fields to help prepare students for more advanced training, mission work or positions in the local church. To supplement class training there is a wide range of opportunities for practical Christian work available.

Mr. Donald Fowler Assistant Professor of Greek, Hebrew, and Old Testament

Dr. Michael Grill Associate Professor of Psychology Mr. Kenneth Taylor Assistant Professor of Sociology

Mr. Ronald Clinger Director of Business Affairs

Mr. Stanley Myers Associate Professor of Business

#### **BUSINESS DEPARTMENT**

Largest of all the educational departments at Grace, the Business Department attempts to aid students by involving them in the campus community in the form of various annual projects. The primary goal of the department's faculty is to provide Christian leaders in today's business world.

#### **MENS BASKETBALL**

The three well dressed men behind the scenes.

Head Coach Jim Kessler led the Lancer basketball team into NCCAA district playoffs. Despite the team's youth, hard work, optimism, and fan support contributed to the team's success. Beating Tri-State for the first time in seven years was a memorable game for the squad and its ecstatic fans. Also, heading south to Puerto Rico and Florida over Christmas break was an exciting experience as well as a learning and growing time.

## BRIDES RECEPTION

A bridal reception was given April 17 in honor of the newest brides from our Grace family and the "brides-to-be" for the coming year. Each present bride walked the aisle one more time in her wedding dress as Janalyce Van Dyke helped her relive that special day.

BACHELORS AT THEIR BEST

What do the cross country team, concert choir and cheerleaders have in common? The letter C, of course! The choir inspired many in spiritual things, the cross country guys in physical dedication and the cheerleaders in emotional and social outlets. Other things to C were the new nurse's caps, CEF Clubs, chapels, Chaplain Huggins car stickers and yes, the cafeteria.

# **CONCERT CHOIR**

Open to college upperclassmen, the Concert Choir performed its 26th year under the direction of Prof. Ogden. A balance was sought between choral classics and simple, direct expressions of Christian faith. The communciation of praise to God and the testimony of salvation were of primary importance as the choir traveled east.

#### DISCIPLESHIP

There were three discipleship groups this year: women's, men's and the RA's. Each strove to build a strong spiritual relationship with two to three people in a cell group. Pictured here are the leaders for the women's discipleship and the men's RA's.

#### **EVANGELISM**

Personal Evangelism experienced an exciting revival this year. During the spring semester, dozens of Grace students traveled to Purdue University. There they distributed surveys and witnessed to the students on campus. As a result, many came to know the Lord as their personal Saviour.

## **EGG SITTING**

Marriage and the Family students learned a lesson in responsibility when they became adopted parents of grade A eggs. This unique eggsperiment eggstremely intrigued others outside the class. Top on the list of eggstracurriculor activities to earn eggstra cash that week were eggsitting and the infamous eggnappings.

# FLOWERS FOR ALGERNON

But ma!

The fall play, Flowers for Algernon, was a touching story of a retarded boy named Charlie Gordon. Algernon, a mouse, and Charlie underwent the same experimental operation to increase their mental capacities. The play was emotion filled and the actors did a great job of portraying their characters.

Oh, I just love little mice!

The Freshman Class of Grace College felt that God had brought them together for a reason. That reason was to serve Christ and reflect Him in every member's life. Their goal was to remain close to God and to each other through the rest of their stay at Grace.

# FRESHMAN – SOPHOMORE BANQUET

The Daus Essen Haus will be fondly remembered by the freshman and sophomore classes. The rustic restaurant, with its family style dinner, set the stage for the freshman sponsored banquet. Bert Kettinger provided the entertainment.

They said smile, honey!

Aren't you glad we used Dial?

Wish we had!

Guess what I just did?

Whatever it was I needed more . . .

. . . because it works.

Just who is the center of attraction?

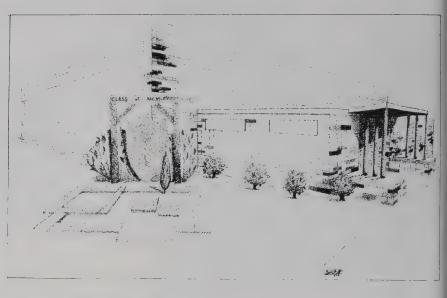

What next?

Hands on top of the table.

Going once, going twice, and still going are the GMA officers, working hard to build up Christian ministries. The G-Club has also been active in athletics and Bible studies. Of all the G's the Golf team went the farthest (to Florida over spring break), but Graduation has capped them all: 110 seniors who feel they have gone through the most.

**GMA** 

The main purpose of Grace Ministries in Action is to provide ministry opportunities for Grace Students. G.M.A. attempts to provide fellowship among the students through prayer breakfast, Bible studies and prayer groups.

Prof. Manahan assists a new freshmen.

While the History Department was studying past events, Grace was making its own history in the 1979-80 school year. Homecoming was definitely a highlight for all who saw the Enchanted Carousel. Meanwhile, the Seniors began working on the Haunted House — a great success disregarding the injuries. All dorm Halloween trick-or-treating was also fun.

My hat, it has three corners . . . antennas, wings, veils . . .

Dr. Robert Mathisen Associate Professor of History

# HISTORY DEPARTMENT

The Department of History at Grace sees its mission as presenting history from the Christian perspective. Dedicated to the belief that history proves that God exists, they try to add the spiritual emphasis which is lacking in secular schools. Above all, the faculty hopes to guide history majors into effective careers and ministries for God.

### **HOMECOMING**

Alpha, Winona Hotel, and Rodeheaver became enchanted for one weekend in October: Homecoming. Amidst the carrousels and canopies were dreamy ladies in long dresses and their escorts complete with top hats. Happiness and tears broke the mysterious spell as Gail Bonar was crowned 1979 Homecoming Queen and Mr. & Mrs. Harold VanDyke were announced Parents of the Year. A reception honoring the new queen and her court was followed by testimonies of the soccer team and the film "Carrousel." Saturday the Lancers faced Grand Rapids Baptist in a rainy soccer game.

### HAUNTED HOUSE

A lot of Senior ingenuity and hard work went into the renovation of the Billy Sunday Tabernacle into the "Haunted House." Those who had nerve enough to go through it found it filled with all the things that make a haunted mansion great. Many felt that it was the best production of this sort that they had ever attended.

Money and mail are what students want, while offerings and homework are what they get. The Missionary Conference broadened our vision, while the Math and Music Departments limited our social time. Special events under M were Handel's Messiah and May Day. And special people on campus were the Maintenance Staff. Music majors belonged to MENC.

The Math department offers thorough instruction in algebra, geometry, and calculus. Courses also include studies in Probability and Statistics, Derivitives, and Annuity. It has a growing computer course, offering Basic and Cobol. The Math Department strives to provide mathematical skills needed for effective ministry.

#### MISSIONS CONFERENCE

Dr. Wendall Kempton was the main speaker at this year's mission conference, "Know Your World." Students attended the varied workshops, world fashion show and the foreign field luncheon. Through this conference many were challenged to become more actively involved in missions by praying, giving, or going.

#### **MAY DAY**

On May 2, S.A.B. sponsored "May Day" with a western theme. Janalyce Van Dyke and Scott Laidig were crowned queen and king for the day. Activities included a Western skit and music, games, an outdoor chicken barbeque, an evening hayride and a campfire to top it all off.

#### NURSING HOME MINISTRY

Every Monday and Thursday evening, Grace students had an opportunity to visit the area nursing homes. There they witnessed to senior citizens and showed them love in Christ. The students often benefited as much as those they visited.

Grace now offers an Associate of Arts Degree in Nursing. The nursing faculty assists the students to view their fellow man as an integrated creation: spiritually, physically and psychosocially. This nursing program is designed to prepare Registered Nurses to function within their community by providing care, in structured settings such as hospitals, nursing homes, and physicians' offices.

The one change on campus that may have created a little difficulty for returning Gracies this year was the office switching. More than once you could find a "veteran" asking a frosh for directions. After locating it, though, the office personnel were sure to handle the situation. But just in case all else failed, the student body officers were always willing to lend their assistance.

## PHYSICAL EDUCATION DEPARTMENT

Strongly believing in the total development of the body and the acquisition of skills in sports activities, the P.E. department aims to serve as a lab in reaching this goal. Since the body is the temple of the Holy Spirit it is fitting that this department emphasizes total fitness.

### PRAYER BREAKFAST

Prayer Breakfast drew the early risers out of bed every Wednesday morning. Speakers included members of both the student body and faculty. Many students participated by providing special music. The closing of each service was spent in prayer.

Evening, morning and at noon will I pray and He shall hear my voice.

Confess your faults one to another and pray for each other.

His praise shall continually be in my mouth.

Finding a quiet little nook to study in is sometimes a hard thing to do on campus. But, a multitude of questions continue to appear on those dreaded quizzes, so study we must. Even quartets find it necessary to spare time from practicing to engage in this "delightful" activity.

#### **QUEENS**

Freshman Deanna Ellis had the unique title of Worm Queen bestowed upon her in 1978. This title became hers for having written the best recipe (a pizza) using worms. Another royalty on Grace campus was Senior Gail Bonar, who was crowned Homecoming Queen in October of 1979. And in May 1980 Senior Janalyce VanDyke was named queen of the May Day activities.

# PAR PROPRIES

Dean Snively's rubberstamp of approval is a familiar sight to all of us whether it be on a poster announcing a recital or a sign detailing a retreat. Besides Dean Snively's approval, we often find it necessary to get the consent of the RAs or Jim Shipley, the Registrar.

I've got to keep my eye on her.

Rip Your Roommate, sponsored by the Junior Class, was a blind date of your roommates's choice. The evening began by meeting your "mystery escort." Then you were whisk away for an evening of fun starting with silent movies starring W.C. Fields, and ending with games at the Lamp.

This year's spring Reader's Theatre included an enjoyable variety of comedy, drama, and children's selections. The entire production was completely the responsibility of the Reader's Theater class. These students selected the readings, chose a cast, and directed rehearsals.

Is this how you get a suntan?

Gail Bonar and Dan Allan combined their senior recitals on April 13th. Performing on piano and trumpet respectively, the two music majors gave a private recital in Beyer Hall.

A third combined senior recital was performed by Bob Dillon and Howard Bechtel, both trumpeters. The concert on May 10th also featured Howard's four brothers on their trumpets.

Tom Beckett held his senior recital on May 14, 1980. The baritone was accompanied by Prof. Roland Felts.

## SENIOR RECITALS

Beth Buhler and Kathy Kent held their senior piano recitals together, Saturday, April 19. Their program started and ended with duets and they alternated playing throughout their program. The audience was very responsive and both Music majors did an excellent job.

The senior organ recital of Jerry Myers was held at the Winona Lake Grace Brethren Church on Saturday, March 22. Unique features of the recital were two brass and organ numbers featuring Tim Maiuri and a brass quartet.

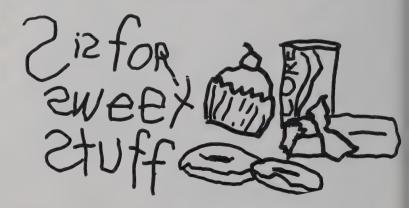

Born as the dream of Dave Melton, Sound Investment has grown into a full fledged part of the Grace music program. The group uses the talents of both singers and musicians to convey the message that, to give your life to God, is a "sound investment." The group travels extensively throughout the school year to various churches.

The Sounding Board kept us well informed on Student Senate's decisions, soccer, softball, and SAB activities.

I don't believe it. Nobody ever told **me** that Dr. Kent helped write the King James Version.

#### SPEECH COMMUNICATION DEPARTMENT

Being an integral contributor to fine arts on campus, the Speech Communication Department provides many opportunities for its students. In the fall it sponsors a major dramatic production and a children's theatre. The department also puts on a dramatic production in the spring and sponsors recitals throughout the year.

Grace's Sophmores unified by their freshman year, experienced spiritual growth, both individually and as a class. They hoped to set an example for the rest of the college in Christian growth and personal evangelism. Their desire was that individual spiritual development would continue now and after graduation.

#### 20th CENTURY AFFAIRS CLUB

History majors kept abreast of political happenings in the world with the aid of the 20th century affairs club. Through films, discussions, and current events, students became more aware of today's situation both from a spiritual and historical viewpoint.

#### TIMOTHY TEAMS

Timothy Teams was a new program started in 1978 to travel to churches to work with youth groups, showing them how to minister through puppets, music, drama and evangelism. Each semester three teams were on the road touching hundreds of lives in close personal relationships. Leaders of the teams were Brian Roseborough and Marshall Noriega.

Helping in Fort Wayne were: Seated: Kathy Bishop, Linda Stapleton, Karla Neer, Stephanie Cooper, Sue Hays, Jan Herr; Standing: Chuck Lawson, Joe Bishop, Rick Barker, Brian Long, Brian Roseborough

Beat the rush, take a . . . unicycle?! Yes, a very few at Grace have decided that getting to class can be a lot more exciting by this mode of transportation. For the rest of us, though, walking is a lot safer.

Gloria Vance, co-editor of the 1979-80 year-book, comes from Lake City, Michigan. She majored in Math Education and minored in both Business and Psychology. Her desire is to teach 7th grade math and coach track.

Spirits rose as approximately 70 students neared the "Sideboard" in Elkhart for the Valentines Day Banquet. Following the buffet meal, both inspiration and entertainment was provided by "Common Bond." The evening concluded after an enjoyable and worthwhile time of singing and testimonies.

Considering the very young team that consisted of five freshmen, and only one senior, the volleyball team faired pretty well. Highlights of the season were beating Taylor University and the State Tournament. Ending the season on a positive note was an encouragement for the upcoming seasons and future victories.

No, Who's Who is not the Great owl's mating call, but is a group of specially selected seniors. They have worked winter and summer asserting their leadership qualities, and have definitely come up winners. Perhaps, we can get the Wind Ensemble to play a special number for them?!

Dear Mom. I'm having fun in the sun. Wish you were here.

Sure, I was up all night. How'd you guess?

## WIND SYMPHONY

Grace's largest instrumental group is the Wind Symphony. Founded by Jerry Franks in 1976, the group is currently under the direction of Professor Paul Milliman, and performs three time a year for both the college student body and the general public.

Yeck! Who in the world wrote this junk, anyway?

Hold it out . . . longer . . . longer . . . Make those eyes pop out!

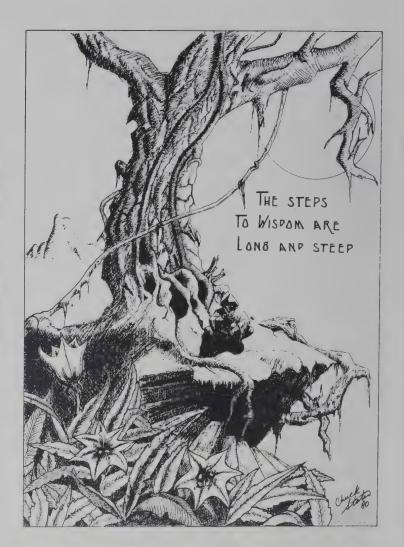

Janalyce Van Dyke is from West Milton, Ohio. Her major was Behavioral Science concentrating in Conselling and her minor was Journalism. Immediate plans for the 1980 May Day Queen include working at Christian camp in Wisconsin during the summer.

Dave Bogue, a Speech major and Bible minor, served as student body president during his last two years at Grace. Dave comes from Dayton, Ohio, but he plans to stick around the Warsaw area and attend Grace Seminary.

As a Speech Education major and Art Education minor, Terry Julien was involved in the drama department all four years of his time at Grace. Terry was born in Switzerland and grew up in France. He plans to return to Grace in the fall.

Kay Polman, an Elementary Education major, had the honor of being the 1979 May Day Queen. She's from Englewood, Ohio and she's going back to that area to teach fifth grade at the Sugar Grove Christian School.

Rick Meads, from Port Huron, Michigan, served as S.A.B. vice-president one year and president the next. He majored in Speech and minored in Music. He plans to attend Grace Seminary in the fall.

## WHO'S WHO

Scott Laidig majored in Business and minored in Music. During his senior year he was selected as 1980 May Day King. He comes from Mishawaka, Indiana and he plans to go to Grace Seminary in the fall.

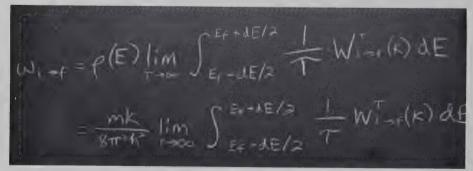

Not much for X, but one thing is vital to just about everyone — the Xerox machine. Who can do without it? It's great for getting someone else's notes from the class you skipped or copying articles for that x-tra credit report. It's fast, cheap and more importantly for us it's easy. You just plop your nickle in the slot and out comes a perfect 11 inch copy. But, you wanted 14 inch paper? Well, you've still got to read the warnings!

One of the busiest places in the library is the copy machine.

Now that I know all this, What does X = ?

Against a backdrop of live snakes, fireworks, old organs, and a 1930's printing press, the cast of "You Can't Take It With You" sent each audience into peals of laughter as they acted out the life of the Vanderhoff family. All of the action occurred in the Little Theater artfully converted into a full size living room by 20 students and 30 sheets of plywood among other things. From old Grandpa Vanderhoff to the sniveling Mr. De Pinna, the play was a hilarious success.

# In Appreciation of . . . STANLEY E. MYERS October 2, 1931 – July 18, 1980

Professor Stan Myers went to be with the Lord, Friday, July 18, after suffering a heart attack while in his office at Grace. Although he had a mild heart condition, his death came unexpectedly.

He joined the college faculty in 1975 as a business and accounting teacher. During his time at Grace, he

devoted many hours to help and encourage students in their spiritual lives as well as their studies.

He will be remembered for his warm sense of humor and his true devotion to the Lord. His life radiated this thought — "Thank the Lord for everything."
